

Sketchbook Therapy *on Atiu*

Sketchbook Therapy is for beginners and experienced artists, everyone who would like to explore nature with pen in hand. The instructor is Judith Kunzlé, a specialist in spontaneous drawing.

For beginners, Sketchbook Therapy is an intensive crash-course in drawing.

For experienced artists it is an inspiring workshop to acquire a fresh approach to drawing outside, and to gather information directly from nature.

The Sketchbook Therapy lecturer

Judith Kunzlé has been drawing all her life. She is well known for her work of Cook Islands dancers, which are all based on sketches. Judith has specialised in portraying the action, she explores the movement of dancers, life animals, or of breaking waves. Her illustrations of the local flora for the Cook Islands Natural Heritage Trust have been done from fresh plants and by studying their natural form in the field.

Atiu is Judith's favourite place for drawing and painting, and she would like to share the fun and challenges of investigating nature with pen and paper. In six sessions, she will introduce the key elements of drawing, including the human figure, and show fresh approaches to sketching. The ways of looking, inspecting and expressing what we see, and how to gather information for future art work, will be discussed and explored.

Recommendations for packing:

- It's easier to move around and find your spot to sketch, if the art supplies are in a backpack. Bring a big plastic bag for the art-supplies and paper just in case we get caught in the rain.
- Two sketchbooks, about size A4, pencils and pens of your choice.
- Hat, sun-block and mosquito-repellent, and for comfort: a folding chair or mat to sit on.
- Comfortable clothes, light long trousers and long-sleeved shirts work best for sun- and mozzie-protection. Good walking shoes, (no flip flops in the Makatea please) and pack a light rain coat and/or an umbrella.
- Not to forget: a swimsuit to dip into the sea or the pool at Atiu Villas.
